## Questions for Solicitation N66001-02-R-5010

Q1. Section H-302 paragraph (d) would preclude contractors and subcontractors from participating in installations involving software they developed, in whole or in part. Is this the Government's intent? If so, this exemption would be contrary to current and past practices based on what we have observed. Further, it would reduce the pool of qualified installers and possibly eliminate the only qualified installer in some cases. This would not be in the Government's best interest. It is a widespread practice in private industry and Government contracting for software developers to also provide installation services. This is because the developer has unique expertise to install the software correctly and to deal with problems efficiently as they arise. If this is not the Government's intent, Section H-302 paragraph (d) should be deleted.

A1. H-302 ORGANIZATIONAL CONFLICT OF INTEREST (SYSTEMS ENGINEERING) (DEC 1999), is hereby deleted and removed from this solicitation.
